Impacting

the lives of

Greater Pasadena
youth

First Tee - Greater Pasadena is a successful junior golf program that not only teaches children the game of golf, but more importantly, life skills. What sets First Tee - Greater Pasadena apart from other successful junior golf programs is the First Tee Life Skills curriculum. Through life skills education, participants learn valuable lessons about the importance of maintaining a positive attitude; how to make decisions by thinking about the possible consequences; how to define and set goals; and how to transfer values such as responsibility, honesty, integrity, respect, confidence, perseverance, courtesy, judgment and sportsmanship from golf to everyday life. These lessons for life are taught through a variety of golf-related exercises designed with the primary goal of having fun.

Since its inception in 2006, First Tee - Greater Pasadena has served over 211,000 youth in the Greater Pasadena area in our Life Skills Certification programs at green grass facilities, TARGET Outreach Programs, National Schools Programs NSP, and DRIVE programs.
